<input style="width: 90%;" type="text"/>	Minimum Age 22

* mandatory fields

EDUCATION AND EMPLOYMENT HISTORY (ELECTRICAL)

Relevant Qualifications (photocopies of any certificates may be attached to support your application).

Electrical Employment History (Minimum 12 months' relevant site experience required)

Company Name	Type of work	Position held	From	To

PREVIOUS TRAINING

Have you previously participated in a Modern Apprenticeship (MA) programme and achieved/part achieved a Level 2 or Level 3 qualification? Yes No

If 'Yes' please give a brief description

ENTRY ASSESSMENT

You will need to sit the entry assessment prior to starting the training programme. This will provide an indication of your suitability and ability to achieve the SVQ Level 3 in Electrical Installation. The assessment will involve numeracy, technical comprehension and a colour vision assessment. Helpful material 'An Introduction to Mathematics' can be found at <https://goo.gl/mztttd1>

SECTT will assist and support any needs you may have (e.g. dyslexia, learning difficulties, etc.) and where necessary SECTT will make suitable arrangements in a sympathetic and confidential manner. The information relating to such support will not affect your application for the SJIB Adult Training Scheme.

SECTT believe in equal opportunities and may need to tailor the assessment to meet the needs of the individual

¹ Exceptions to the date of 30 June may be considered, if places are available.

Due to the nature of the Adult Training Scheme, applicants must have experience working within the electrical contracting industry. This should include knowledge of installation techniques, power and lighting circuits along with a basic understanding of IET regulations & building standards in order that you keep pace with the course. The below table should be completed with details of experience in each of the areas; this table will be checked by the SECTT Training & Development Manager and may affect approval onto the scheme.

Installation Experience	Description <small>Provide details of your experience, giving details of the type of circuits installed and the installation techniques used. These should be done to the current standards/regulations and where possible explained below.</small>	Location Type	Additional Information
<p>Electrical Wiring Systems:</p> <p>PVC Twin & Earth, Single Core PVC</p>		<input type="checkbox"/> Domestic Premises <input type="checkbox"/> Commercial <input type="checkbox"/> Industrial <input type="checkbox"/> Other (comment below)	
		<p style="text-align: right;">From To</p> <p style="text-align: center;">Approx. Dates:</p>	
<p>Electrical Wiring Systems:</p> <p>FP200, MIMS, SWA</p>		<input type="checkbox"/> Domestic Premises <input type="checkbox"/> Commercial <input type="checkbox"/> Industrial <input type="checkbox"/> Other (comment below)	
		<p style="text-align: right;">From To</p> <p style="text-align: center;">Dates:</p>	
<p>Electrical Containment Systems:</p> <p>Conduit PVC/Steel</p>		<input type="checkbox"/> Domestic Premises <input type="checkbox"/> Commercial <input type="checkbox"/> Industrial <input type="checkbox"/> Other (comment below)	
		<p style="text-align: right;">From To</p> <p style="text-align: center;">Dates:</p>	

Experience Continued:

Experience	Description Provide details of your experience, giving details of the type of circuits installed and the installation techniques used. These should be done to the current standards/regulations and where possible explained below.	Location Type	Additional Information
Electrical Containment Systems: Trunking PVC/Steel Wire Basket		<input type="checkbox"/> Domestic Premises <input type="checkbox"/> Commercial <input type="checkbox"/> Industrial <input type="checkbox"/> Other (comment below)	
		Dates: From To	
Electrical Containment Systems: Tray/Ladder		<input type="checkbox"/> Domestic Premises <input type="checkbox"/> Commercial <input type="checkbox"/> Industrial <input type="checkbox"/> Other (comment below)	
		Dates: From To	
Safe Working Practices: Risk assessment, safe systems of work, working at height etc. related to electrical work.		<input type="checkbox"/> Domestic Premises <input type="checkbox"/> Commercial <input type="checkbox"/> Industrial <input type="checkbox"/> Other (comment below)	
		Dates: From To	

The following Approved Centres run the Adult Training Scheme; please select your preferred choice of college in sequential order ² (1, 2, 3).

- Dumfries & Galloway College, Dumfries Campus
- Dundee & Angus College, Kingsway Campus
- Edinburgh College, Sighthill Campus
- Glasgow Clyde College, Cardonald Campus
- Inverness College UHI
- New College Lanarkshire, Motherwell Campus
- Perth College UHI
- Tullos Training Ltd
- West College Scotland, Paisley Campus
- Borders College

General Data Protection Regulation

The Scottish Electrical Charitable Training Trust (SECTT) comply with GDPR 2018 and all information provided will be used only for the purpose of managing the SJIB Training Schemes and will be shared with relevant third parties e.g. Skills Development Scotland (SDS), Scottish Joint Industry Board (SJIB), SQA, Instructus (Modern Apprenticeship registration), Approved Centres (colleges) and Employer/Trainee for the purposes of the Training Schemes.

We hold your personal and contact details to ensure that we have an accurate record for your training and for awarding your qualifications.

Applicant Signature

I confirm that the information provided is correct, to the best of my knowledge and belief.

I consent to SECTT holding data, using it and sharing it for the purpose of managing the SJIB Adult Training Scheme.
